

Burton & Ball

SHEFFIELD ENGLAND SINCE 1730

SUPERSHARP FOOTROT SHEARS

**IDEAL FOR
LAMBS AND
GOATS**

- 1 High-carbon steel blades, heat treated to cleanly cut hard hooves.
- 2 Adjustable blade tension.
- 3 Simple, convenient blade lock.
- 4 Tough resin handles - to withstand hard wear. Moulded for maximum comfort over prolonged use.

Burton & Ball began manufacturing in 1730 in the industrial heartland of Sheffield and for over 280 years has produced some of the finest hand and cutting tools in the world.

TOOL MAINTENANCE

To keep shears in peak condition we recommend regular cleaning and oiling.
